

# Notice

The 2026 IEEE International Conference on Real-time Computing and Robotics (RCAR 2026) will take place from August 15 to August 21, 2026 in Seychelles. The objective of this conference is to provide a forum for researchers in robotics and real-time computing to share the latest results and explore the opportunity of research collaboration. With wide applications of robots in industry and services sectors, real-time computing plays one of the major roles in various topics in robotics including real-time control, human-robot interactions, sensor perception and fusion, robot intelligence, etc. The scope of RCAR 2026 covers research, development and applications in the dynamic and exciting areas of real-time computing and robotics. For all the detailed information about any aspects of the RCAR 2026 conference, please visit the official conference websites <https://rcar2026.org>

## Registration Fee:

| <i>Category</i>            | <i>Early Bird On or before July 10</i> | <i>Late/Onsite After July 10</i> |
